PROFESSIONAL PROFILE

Versatile professional with over 24 years of experience at Xyzt, S.A., where he grew from Web Developer into a de facto Chief Operations Officer role. Responsible for production coordination, deadline management, mockup creation, e-GDS software training, and client support — while continuing to develop and maintain web solutions. Combines strong technical expertise (HTML5, CSS3, JS, SEO/SEM) with a strategic, results-driven approach to operations and client success.

PROFESSIONAL EXPERIENCE

Operations Manager / Web Developer

May 2000 – Present

Xyzt, S.A. · Porto, Portugal

- Oversee daily operations and production workflows, coordinating cross-functional teams to meet project deadlines.
- Develop and maintain websites and web platforms using HTML5, CSS3, JavaScript, PHP and WordPress.
- Design mockups and prototypes for client projects, bridging creative vision with technical execution.
- Deliver training sessions on e-GDS specialist software to staff and clients.
- Provide technical and commercial client support, acting as the main point of contact for operational and digital matters.
- Plan and execute SEO/SEM strategies, manage Google Analytics dashboards and Google Ads campaigns.
- Manage CRM/ERP systems to track projects, pipelines and client relationships.
